U. S. SUPREME COURT SETS DATE FOR ORAL ARGUMENTS ON COLORADO'S AMENDMENT 2

(Denver, Colorado) Oral arguments on Colorado's anti-gay Amendment #2 are scheduled to be heard in the United States Supreme Court at 10:00 a.m. on October 10th, 1995. Ironically, this date marks the National Coming Out Day Anniversary. Mary Celeste stated that "this date should hold a special place for Gays and Lesbians around the country. Not only does it signify the necessity for coming out, it now also signifies the date that Gays and Lesbians across the country will have their day in court."

Amendment #2 would legalize discrimination by prohibiting Colorado governmental entities from enacting or enforcing laws to protect Gays, Lesbians and Bisexuals. If Amendment #2 were allowed to go into effect Gays, Lesbians and Bisexuals in Colorado could be legally discriminated against in all areas of life, including employment, housing, public accommodations, and insurance eligibility.

The Colorado Legal Initiatives Project (CLIP), a Denver based Gay, Lesbian and Bisexual organization is responsible for coordinating and financing the legal challenge against Amendment 2. CLIP is cooperating in the litigation with former Colorado Supreme Court Justice Jean Dubofsky, the American Civil Liberties Union, Lambda Legal Defense and Education Fund, and other individual attorneys.

Contributions are being accepted and can be mailed to CLIP at PO Box 44447, Denver, CO 80201-4447. CLIP has obtained 501(c)(3) tax exempt status. Personal checks and all major credit cards accepted. (303)830-2100.
